What are your career aspirations (including SPIN or Grid)?	General Paediatrics – SPIN in adolescent/young people's health
Have you had any previous mentoring experience or training?	No
What other work related interests do you have? e.g. education, research	Really keen on education and teaching. I am doing a masters in medical education at the moment.
What non-work related interests do you have? i.e. hobbies?	I am really interested in running and yoga and photography
Tell us about yourself and what you can offer to a mentee: (approx. 250 words)	I am an enthusiastic and outgoing person. I really love working in Paediatrics and I genuinely think it is one of the best jobs there is! It can be, however, a very demanding job, in regards to long hours and rota problems, and the emotionally tough aspects of the job too. I think it is incredibly important to have people in the trust that you can talk to when things are difficult (or when things are good!), who understand what you are going through and may have even been through something similar themselves. I would love to be able to support fellow trainees.
